

CIT Project Application Form

The Center for Instructional Technology offers a wide range of services to faculty with the goal of continuously improving student learning outcomes through the appropriate and productive use of technology. CIT invites proposals that propose enhancements or innovative approaches to improving student learning outcomes. We encourage BCC faculty members to submit a project application.

Title of the Project: _____

Primary faculty member: _____ Department: _____

Additional faculty participants: _____

Project Goals/Objectives: _____

Description of the Project: _____

Target Audience: _____

Target Date of Implementation: _____

Completed application should be emailed to cit@bergen.edu. If needed, please attach an additional sheet to the project application. CIT reviews all project applications. Once the project is approved, our Instructional Designer will be assigned to work with the primary faculty member.
