2013 Program Radiography Effectiveness

Certification (ARRT) Examination Pass Rate:

• The Radiography program has a 98.2 % five year average for first a first attempt at the radiography certification examination sponsored by the American Registry of Radiologic Technologists (ARRT).

Year	Sample	Percent Pass	Analysis	Average
				Score
2009	24	100%	24 out of 24 passed upon the 1 st attempt	87.4%
2010	22	95%	21 out of 22 passed upon the 1 st attempt	84%
2011	28	96%	27 out of 28 passed upon the 1 st attempt	87%
2012	18	100%	18 out of 18 passed upon the 1 st attempt	87.6%
2013	30	100%	29 out of 29 passed upon the 1 st attempt	86.3%
			1 graduate has not taken the ARRT	

Employment Rate:

• The radiography program has a five average of 64% for job placement rate.

Year	Percentage	Analysis
2008	67%	25 out of 38 graduates are employed in the field.
2009	50%	12 out the 24 graduates are employed in the field.
2010	78%	16 out of the 28 graduates are employed in the field.
2011	67%	15 out of the 22 graduates are employed in the field.
2012	58%	11 out of the 16 graduates are employed in the field.
		(see below)

2012 Employment Outcomes Analysis:

- Survey Monkey was used to obtain the data.
- 12 out of the 18 responded= 67% survey response rate.
- 2 out of the 18 pursued the study radiation therapy= 11% not trying to seek employment.
- 7 out of the 12 responded= **64.2**% that that have found employment within 6 months of graduation.

Student Retention Rate:

• The radiography program's retention rate average is **70%** for five years.

Year	Year	Students	Graduated	Percent	Causes for the loss			
Ended	Started	Enrolled		Outcome	Academic	Career	Familial	Total
