

Post-Completion OPT Acknowledgement of Responsibility

As an F-1 International Student at Bergen Community College, I understand that while I am on post-completion Optional Practical Training (OPT):

- I am still in F-1 status. Having OPT does not change my status to working.
- I must find a job within 90 days of the start date of my OPT, in order to maintain my status.
- The job that I find must be DIRECTLY related to my degree that I earned at BCC.
- I must report back to the DSO/ISA at BCC with my employer's information as soon as I am employed, on the form provided by the International Student Center at BCC.
- I cannot get an extension of my OPT. Within 60 days of the expiration date of my OPT, I must either transfer to a four year university, or return to my home country.
- If I travel, I still need to have my I-20 signed, and I must travel with a letter from my employer, my I-20, my OPT card, and my passport.
- I must report any change of name, address, employment within 10 days of the change.
