

Dear Student,

In order to register as a degree seeking student in time for Fall 2009 classes at Lyndhurst, you may need to complete a placement test unless you can provide **documentation*** that waives you from testing requirements. Lyndhurst classes begin on Thursday, October 8, 2009.

*** Documents such as SAT scores; TOEFL scores; AccuPlacer scores; college placement test scores from other colleges; college transcripts that show successfully completed college level English and mathematics courses; college degrees from accredited 4 year institutions.**

You may visit the Office of Testing Services webpage: www.bergen.edu/testing to find more information about the Accuplacer placement test, placement test review materials, and the test **waiver** form.

The placement test is available at the Office of Testing Services on the Paramus campus, room S-127 in the Pitkin Education Center until October 7, 2009 on specific days. Please call the Office of Testing Services at 201-447-7203 to arrange to take the test if you do not qualify for a waiver.
