

A Smart Start. A March Start.

Complete three-credit "Flexible Start" courses in just seven and one-half weeks at the Ciarco Learning Center in Hackensack!

"Flexible Start" courses are unique in two ways:

- First, they begin later in the semester than typical semester courses, providing you the opportunity to take a course after the traditional semester is already underway!
- Second, they can be completed in a shorter period of time, allowing you to complete a typical 15 week course in just seven and one-half weeks!

Registration is currently underway if you wish to take Flexible Start courses that begin March 29, 2010 and run through May 14, 2010. Register today!

Some courses require prior placement testing. For important testing information, including "Who Must Take a Basic Skills Placement Test?" and testing dates, visit www.bergen.edu/testing, or call the Testing Center at (201) 447-7202. When accessing the Testing Center Web page, select and review "Basic Skills Placement Test" in the left hand orange column. Also review the first item, "Accuplacer Study Guides." *Note: We encourage prospective students to test as soon as possible.*
