"Muhammad, Legacy
of a Prophet"*

His father died before he was born, and his
mother died when he was only six. But
sheltered by a powerful uncle, he made a
good start in life, established himself in a
profitable business and married well. And
then, at the age of 40, he was transformed.
A man who could not read or write, he
announced that he was the prophet of God.
His name was Muhammad, and in the next
23 years he would bring peace to the warring
pagan tribes of Arabia and establish the new
religion of Islam, which today has 1.2 billion
followers.
