2. Go to the appropriate floor of the Library (Upper Floor in example, above).

3. Books are arranged by letter and number. Use the Library floor plan to find the “HQ” section (in example, above).

How to find the **CALL NUMBER** by reading the book spine labels:

Books with **WHITE** spine labels are **Circulating** (can be checked out) and books with **PINK** spine labels are **Reference** (use only in the Library). Circulating and reference books are shelved together.
